### **DETAILED ACTION**

1. This is in response to the interview conducted on 6 December 2007.
2. Claims 1-16 and 22-26 are pending in the application.
3. Claims 1-16 and 22-26 have been allowed.
4. Claims 17-21 have been cancelled by examiner's amendment.

### **EXAMINER'S AMENDMENT**

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Heimlich on 6 December 2007.

The application has been amended as follows:

Claim 17 (cancelled).

Claim 18 (cancelled).

Claim 19 (cancelled).

Claim 20 (cancelled).

Claim 21 (cancelled).

*Allowable Subject Matter*

6. Claims 1-16 and 22-26 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claims 1, 14 and 22 are directed towards a method and apparatus for traversing a firewall. The closest prior art to the claims was Vellanki et al U.S. Patent No. 5,999,979 (hereinafter Vellanki). Vellanki discloses simultaneously employing multiple threads, through multiple connections, to initiate communication with the server computer. The applicant's claimed limitation has a second or third connection initiated only if the prior one fails. Thus there is a fundamental difference between what the applicant has claimed and what Vellanki discloses. The applicant's method is sequential whereas Vellanki's method is in parallel.

Any claims not directly addressed are allowed on the virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
